

Invitation for the Workshop

New Avenues in Homogeneous Catalysis with Electropositive Metals

Thursday, 3 July 2025

- 9:30 am MEET THE SPEAKERS WITH COFFEE AND COOKIES
- 9:50 am WELCOME (Prof. Dr. Torsten Beweries, LIKAT)
- 10:00 am *Hydroaminoalkylation Not Hydroamination. The Catalytic Addition of Amines to Alkenes*
Prof. Dr. Laurel Schafer, University of British Columbia Vancouver
- 11:00 am *Controlling Reductive Elimination Reactions from Pincer-Supported Titanium(IV)-Complexes*
Prof. Dr. Gabriele Hierlmeier, Julius-Maximilians-Universität Würzburg
- 12:00 pm LUNCH
- 1:30 pm *Main Group Metals in the Spotlight: Redefining Bond Activation and Catalysis*
Prof. Dr. Shigeyoshi Inoue, TU München
- 2:30 pm *1-Metallacyclobuta-2,3-dienes – from lab curiosities to modular catalysts for the synthesis of cyclic polymers*
Dr. Fabian Reiß, LIKAT
- 3:15 pm CONCLUSION AND CLOSING
DISCUSSION WITH PHD STUDENTS AND POSTDOCS
